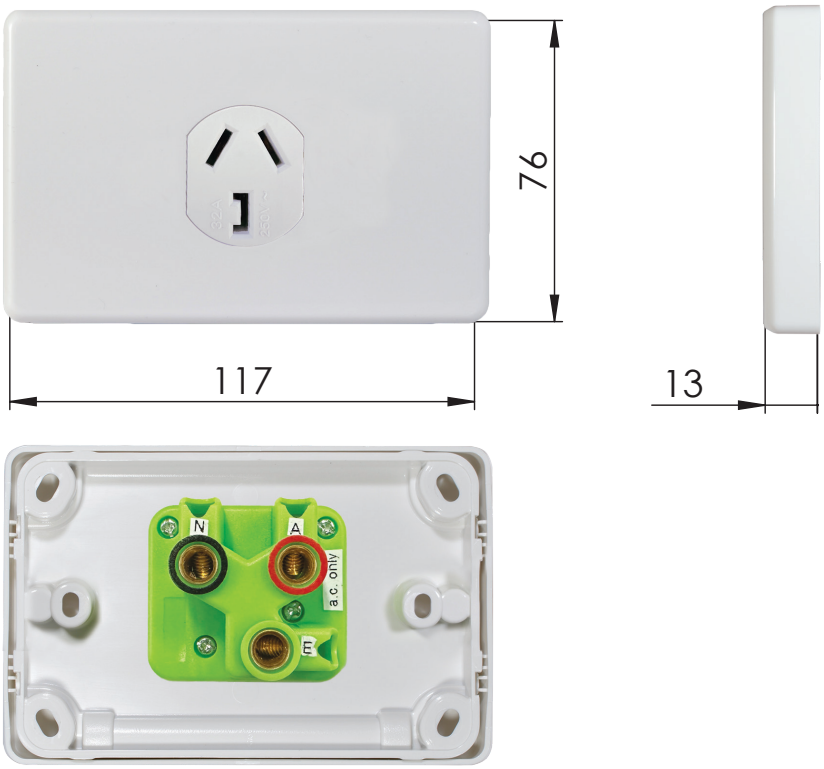
PUMA™ TRADER®

PUSO321G

See current catalogue for further detail

Single Power Points (Unswitched)

- Uses brass terminals that have the screws backed out for easier installation of cabling. Terminals suit 6mm² cable.
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Standard colour is white.
- Puma unswitched wall socket compliant to AS/NZS3112.
- 32A 250V ac rating
- NOTE: this is not a auto switched socket so must be linked to a control switch.
- Designed for use and linking for control with TRADER large capacity switches such as the MESW32 or PUSWDPV45 series where connection to small appliances is required.
- Typical example of size seen below:



Catalogue Number	Description
PUSO321G	Power Point Unswitched 1 Gang 32A 250V ac White

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.
