# OVERVIEW

## Mistral Heating, Cooling and Kitchen Products

The Mistral brand has been a household name in Australia since 1968.

The Trader team distributes just a handful of Mistral heating products to the electrical industry, with many more items to be released soon.

The current range of clever heating units meets the most common demands of the residential and commercial markets. The cooling range is just around the corner and will certainly make your next summer easier to take.

The Mistral brand has been a household name in Australia since 1968.

All products are fully certified and compliant with Australian Standards and covered by Mistral's 1 Year Warranty.

## Bathroom Heating Products

Stylish radiant heating for any bathroom

Mistral has given the bathroom heater a makeover. The **Mistral MS9801 3-in-1 Bathroom Heater** features a sculptured design that will look great in any bathroom. It also delivers excellent performance with 4 x 275W heat lamps and shifting 200m<sup>3</sup> of air per hour.

For smaller bathrooms and en suites, the **Mistral ML9801 Two Heat Lamp Bathroom Heater** is the ideal choice. Its low profile design is easy to clean and performs very well with 2 x 275W heat lamps while also shifting 200m<sup>3</sup> of air per hour.

Both bathroom heaters are value-packed. Each is supplied with 3 metres of ducting and a quality **Trader Puma PUSWV3GLFH Switch plate** with mechs marked Fan, Light & Heat.

If heating only is required in the bathroom, en suite or toilet, the **Mistral MIRHL001 Radiant Heater** provides 1 x 275W of instant concentrated warmth, perfect for warding off winter chills.
