Available through your Electrical Wholesaler

Trader's Puma Vandal Proof has arrived - with a full range of switches and sockets ready for use by Australian Electrical Contractors. See all the features and benefits below.

#### Power Points:

- Sockets have **Shutters** and are **Double Pole** (**NOTE: Sockets with USB are Single Pole ONLY**)
- Oval screw caps for extra adjustment on wall (**no removable cover**)
- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Power point terminals have 5.7mm bore to suit 4 x 2.5mm<sup>2</sup> cable
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres
- Plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Standard colour is white. PUPP2GVP also available in Black (PUPP2GVPBK), Red (PUPP2GVPRD), Blue (PUPP2GVPBU) or Transparent (PUPP2GVPTR). Please check availability
- PUPPUSB2GACVP Two Gang Single Pole, 10A 250V~ Electrical Switched sockets with shutters
- PUPPUSB2GACVP suits Type A & C USB applications up to 3 Amp at 5V. Includes shutters.
- Socket outlets approved to AS/NZS3112

#### Switches

- Switches are rated 10AX/16A 250V~ and approved to AS/NZS3133
- Switch mechanisms are 10A 250V~ **Single Pole only**
- Mech back-up security screws on rear of installed mechs
- Oval screw caps for extra adjustment on wall (**no removable cover**)
- Fits standard Australian wall boxes and mounting accessories that use 84mm mounting centres
- Uses brass tunnel terminals that have the screws backed out for easier installation of cabling. Switches are two way with looping terminal and suit 4 x 1.5mm<sup>2</sup> cabling with 4.1 bore
- Slotted head screws for the terminals
- Plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow
- Plates suit Trader Meerkat MESW mechs, including TV and Data; and Clipsal 30 Style\* mechs and accessories
- Standard colour is white
- Switches approved to AS/NZS3133
