See current catalogue for further detail

Weatherproof Double Power Points

- 10A 250V~ rated modular weatherproof sockets.
- The Hippo product including dollies, is made from UV Stabilised Polycarbonate to avoid discolouring.
- IP54 ideal for prevention against water splashes or harmful objects that may compromise conventional socket outlets. Perfect for use in exterior applications, or damp/dusty environments - building exteriors, carports, gardens or workshops.
- Styling matches the rest of the Trader Hippo family of products.
- HPPP2GD/HPPP2GDBK & HPPP2GDS/HPPP2GDSBK are Double Pole. Ideal for houseboats, caravans and portable project offices.
- HPPPSW2G extra switch is on a separate circuit. Also available in Black (HPPPSW2GBK) and Matt Black (HPPPSW2GMBK).
- Contains 25mm plain entries.
- The Hippo mounting detail is printed on the flap of the boxes 112 x 82mm.
- Shutter operates from either earth or neutral.
- UV stabilised
- Colour: Grey & Black - please check availability. HPPP2G & HPPP2GBS available in Matt Black.

HPSMK2G Mounting Kit

- Mounting kit to suit HPPP2G and HPPPSW2G
- Made from UV stabilised polycarbonate to avoid discolouring to yellow

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.
