

HPPP2USB2GAC

See current catalogue for further detail

Weatherproof USBs

- 10A 250V~ rated modular weatherproof sockets.
- 3.4A 5V DC Type A and C USB charging.
- The Hippo product including dollies and USB cover are made from UV Stabilised Polycarbonate to avoid discolouring.
- IP54 ideal for prevention against water splashes or harmful objects that may compromise conventional socket outlets. Perfect for use in exterior applications, or damp/dusty environments - building exteriors, carports, gardens or workshops.
- Styling matches the rest of the Trader Hippo family of products.
- Contains 25mm plain entries. With one 25mm threaded entry.
- The Hippo mounting detail is printed on the flap of the boxes 112 x 82mm.
- Shutter operates from either Earth or Neutral.
- UV stabilised.
- Colour: Grey, Black & Matt Black - please check availability.

USB Type A & C

USB Cover under flap for when USB's not in use.

Cleaning Guide:

Spraying cleaning products on to electrical products is not recommended.

It is important to ensure that switches are turned off before cleaning.

Do not use any cleaning sprays - only wipe down with damp cloth or rub with dry cloth. (Do not use an abrasive cloth as it may scratch the plastic).

Do not use harsh chemical cleaners as these can break down the plastic and cause it to crack.
