

BUFFALO SUNSET

Light up any factory entrance, staff car park, walkway, or green area automatically with the Buffalo BUSUNSW Sunset Switch.

Simply adjust the lux levels to the required light level and set the timer for up to 9 hours of lighting or until the sun rises again. Rated IP66, use as a standalone product or to fit into a Buffalo modular configuration for years of reliable use.

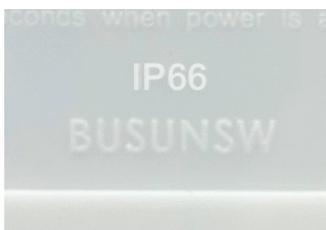

When you're working all night, work with Buffalo.

- Outdoor lighting
- Security
- Energy efficiency
- Convenience
- Commercial & industrial applications
