Eye Catching  
Counter Display'**

Available through your Electrical Wholesaler

Dimpala Eclipse provides optimised dimming of LED lamps and drivers. This two-wire phase control (wall plate) dimmer has a minimum load rating of 2W.

Although optimised for LED lighting loads, this dimmer also provides excellent compatibility with other common lamp types such as incandescent lamps and 12V halogen (dichroic) lamps / transformers.

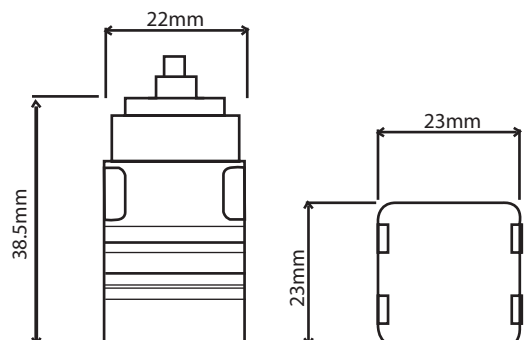

- Fits Australian wall switch plate apertures (for example, the Trader range, plus HPM<sup>#</sup> and Clipsal<sup>\*</sup> ranges)
- Separately switched 2-wire design - no neutral wire connection required for wall plate retrofit installation
- Rotary control with mechanical adjustment for minimum brightness level
- Minimum brightness typical 0%
- "Soft-start" helps prolong lamp and driver life
- Inherent immunity to installation wiring short circuit fault.
- Complies with all relevant Australian standards
- Features 'On' LED indicator
