HIPPO
POWER POINTS AND SWITCHES
ALSO AVAILABLE IN SHALLOW
DESIGN AND BLACK FINISH

Outdoor Power Points & Switches Weatherproof Range

The Hippo power points and switches are ready for all Australian conditions of both sun and rain or where installations are exposed to a variety of tough environments.

ALL SOCKETS IP54 RATED 'ZONE 2' READY

Does not require a cover; It comes standard as IP54! No need for additional plastic socket flaps to achieve IP54 "ZONE 2" for pools, wet areas and ponds - as per AS/NZS3000.

ZONE 2 POOL SUITABLE
NO CLEAR FLAP REQUIRED ON POWER POINTS

Available through your Electrical Wholesaler

Trader's Hippo Switches and Sockets are ready for use by Australian Electrical Contractors. Australia has tough climatic conditions and the Hippo is ready to tough it out in the sun or rain or in any environment where products need enduring protection from the elements.

The Hippo range is ready for: **Car parks, Garden Areas, Exterior Walls, Verandahs, Patios & Swimming Pools...**

... the list goes on and every electrical contractor needs the variety in this range.

The Hippo has the conventional look the market and consumers are familiar with.

Switches (slide operation)

HPSW1G, HPSW1GI, HPSW1GL, HPSW2G, HPSW2GL, HPSW2GLBK & HPSW3GL

- 20A 16AX 250V rated modular weatherproof switches.
- Heavy duty switch mechanism with additional mech securing screws.
- Tough UV stabilised polycarbonate.
- IP66 ideal for prevention against water or harmful objects that may compromise conventional light switches. Perfect for use in exterior applications, or damp/dusty environments such as building exteriors, carports, gardens or workshops.
- One and Two Gang switch options in grey or black finishes.
- HPSW1GI is populated with an intermediate switch.
- Back mounting boxes that contain 20mm and 25mm plain entries.
- Colours available include Grey or Black. HPSW1GI also available in Matt Black.

Sockets

HPPP1G, HPPP1GS, HPPP1GBK, HPPP1GSBK, HPPP151G, HPPP1GVDR, HPPP1GL, HPPP2G, HPPP2GD, HPPP152G, HPPP2GS, HPPP2GDS, HPPP152GD, HPPP2GSC, HPPP2GSCD & HPPPSW2G

- 10A and 15A 250V rated modular weatherproof sockets.
- Tough UV stabilised polycarbonate.
- IP54 Zone 2 ready, ideal for prevention against water splashes or harmful objects that may compromise conventional socket outlets.
- Single gang back mounting boxes that contain 20mm and 25mm plain entries.
- Double gang boxes containing 25mm plain and threaded entries.
- For HPPPSW2G twin socket with extra switch, the switch has a rating of 10AX.
- Full range available in grey. HPPP2G & HPPPSW2G also available in Black and Matt Black.
- HPPPSW2G central switch now is on a separate circuit and functions as a two way switch.
- HPPP2GSC, HPPP2GSCD & HPPP152GSCD provides two terminal arrangements which enables installers to separate circuits.
- HPPP1GS, HPPP2GS and HPPP2GSMBK provided with shallow base for minimalistic look.
- HPPP1GVDR single horseshoe shaped socket has reverse facing socket to allow fitment of longer plugs.
- HPPP2GD/HPPP2GDBK, HPPP2GDS/HPPP2GDSBK, HPPP152GD, HPPP2GSCD & HPPP152GSCD are Double Pole.
- Colours available include Grey. Various available in Black and Matt Black - please check availability

Twin Sockets Mounting Accessories

HPPP2GBS, HPPP2GBSBK & HPSMK2G

- HPPP2GBS Shallow mounting base enables flush install of twin socket range.
- HPSMK2G recessed mounting adaptor enables alternative flush fitment of twin sockets.

Switches (lever operation)

HPSSWCDP220, HPSSWCDP220BK

- HPSSWCDP220/BK - 20A 250V~ rated modular weatherproof switches.
- Heavy duty double pole switch mechanism.
- The Hippo product is made from UV Stabilised Polycarbonate to avoid discolouring.
- IP66 ideal for prevention against water or harmful objects that may compromise conventional light switches. Perfect for use in exterior applications, or damp/dusty environments such as building exteriors, carports, gardens or workshops.
- Styling matches the rest of the Trader Hippo family of products.
