

Electrical Solutions for Hotels and Motels

Maximise the electrical safety and convenience for your guests and patrons with the very latest electrical solutions from Trader, Australia's fastest growing brand of switches, sockets and wiring accessories. We are local, Australian owned and represented in every state and territory. Every product is warranty backed.

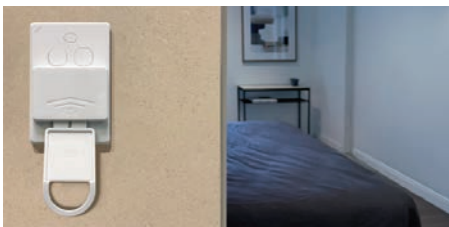

Front of house

Make sure your reception area and office space have all the power points, USB chargers and data you need to run an efficient workplace.

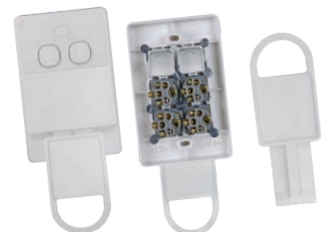

USB charging

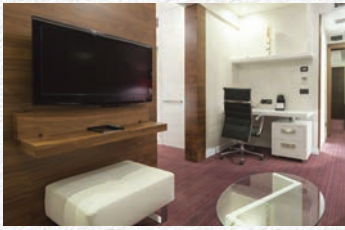

We produce power points with built-in USB charging options offering both Type A&C ports, in double pole specification, perfect for charging the very latest phones.

Tag team

In motels rooms our Puma Vandal Proof Key Tag Switch is a simple but energy efficient way to provide occupancy only room lighting access.

Behind the big screen

Make sure that TV & staging areas have all the necessary HDMI & TV accessories required to accommodate public events, Trader offers everything from integrated entertainment plates, recessed wall boxes, TV brackets, HDMI leads and adaptors.

Low glare

Create a warm lighting environment with our Scorpion Low Glare LED Downlights. Providing directional, dimmable and colour changing light, these are perfect for salons.

Energy efficient sensors

Maximise lighting efficiencies with Owl Infrared Sensors. These offer full 360 degree detection with an 8 metre radius.

Air freshed

Keep bathroom areas odourless with our Falcon range of exhaust fans. Our ducted fans are designed in a choice of square or round fascias and will match any contemporary bathroom design.

Meerkat Nightlight

Perfect for hallways and utility rooms, the Meerkat Nightlight Mech light offers safe and cost-effective convenience for patients and visitors.

All you can eat

Hotel restaurant kitchens need a robust electrical solution that can stand up to the rigours of a busy kitchen environment. Buffalo industrial range delivers polycarbonate construction designed for hard usage including chemical resistant options for longer life.

Outdoors with Hippo

Tough, reliable and safe, Hippo Weatherproof power points are rated to a class leading IP54, ideal for outdoor areas and potential water hazards. For added safety, power points have built in shutters. USB charging option also available.

Fully loaded

Wolverine Circuit protection designed for Australian residential and commercial environments, quality manufacture and hi-vis colour-coded toggles for easy identification.

*Disclaimer: Please check carefully and ensure that products meet project specifications and requirements stipulated as National and/or State regulations and standards.
