

Electrical Solutions for Laundromats

Maximise energy savings in every laundromat with electrical solutions from Trader, Australia's fastest growing brand of switches, sockets and wiring accessories.

We are local, Australian owned and represented in every state and territory.

Cleaning up

Powermesh smart power points provides timers and schedules for all washing machines, dryers, TV power point and even the front door. Power is never left on indefinitely saving energy and reducing power bills. There's even remote operation for the owners via the Zimi app.

Wet hands

Make safety a priority with these Puma IP66 rated light switches. Water and dust cannot bypass the gasket and come into contact with live parts.

Charging up

Running a café as part of your laundromat services? Offer customers the convenience of phone charging with our Puma Type A&C USB chargers.

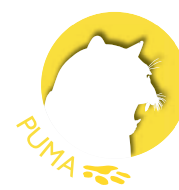

Energy efficient sensors

Maximise lighting efficiencies with Owl Infrared Sensors. These offer full 360 degree detection with a range of 8 metre radius.

Lifesaving Wolverine Circuit Protection

Ensure your switchboard is up-to date and installed with a Wolverine Residual Current Device also known as a safety switch to safeguard lives and protect equipment. Complies with AS/NZS and IEC 61008-1.
