

## Smarter Homes. Keeping it Simple.

With Powermesh you can easily and affordably incorporate technology in to your home. Touch it, tap it and talk to it. It's affordable and ready for your home. Control that's simple to use and easy to install.

A background image of a modern, bright living room with a large grey sectional sofa, a wooden coffee table, and large windows. Overlaid on this is a semi-transparent white box containing text.

Powermesh is a family of connected products made simple, perfect for your home. Powermesh can easily and affordably be installed into new or existing homes.

### Touch

Use touch at the switch

### Tap

With Zimi on your smart phone and tablet

### Talk

Use voice for hands free control & convenience

Set up a timer or a schedule for your lights with just a few taps.

"Hey Google, dim the lights please."

See your energy usage at a glance.
