2 Year Warranty on USB Products

Trader's Puma Vandal Proof has arrived - with a full range of switches and sockets ready for use by Australian Electrical Contractors. See all the features and benefits below.

Power Points with USB:

- Suitable for USB Type A and Type C applications up to 3 Amp at 5V.
- Ideal for phones that utilise USB Type C connections.
- Not suitable for lap tops or other devices requiring greater output than 3 Amp at 5V.
- USB outlet approved to AS/NZS 60950.1
- Electrical power point approved to AS/NZS 3112
- The overall electronic assembly rating is 3.4A at 5V; it then divides the output when devices are inserted in each USB socket.
- PUPPUSB2GACVP has shuttered USB sockets.
- Single Pole, 10A 250V~ Electrical Switched sockets.
- PUPPUSB2GACVPD sockets are double pole.
- Shuttered Electrical Switched sockets.
- Fits standard wall boxes and mounting accessories.
- Full cover plate.
- Covers, plates and dollies are made from UV stabilised polycarbonate to avoid discolouring to yellow.
- Shutter operates from either earth or neutral
- PUPPUSB2GACVP available in White and Black. Please check availability.
- PUPPUSB2GACVPD available in White.
