# TRADER®

# Electrical Solutions **for Schools**

Maximise the safety and well-being of school classrooms and educational facilities to the latest safety standards* with electrical solutions from Trader, Australia's fastest growing brand of switches, sockets and wiring accessories.

We are local, Australian owned and represented in every state and territory.

## Vandal Proof makes it safer

Puma Vandal Proof range features non removeable fixed cover plates, shuttered sockets and security screws on switch mechanisms, designed to prevent prying fingers from tampering and inserting objects into switches and power points. (DIT Approved in SA)

**SHUTTERED USB's**

PUPPUSB2GACVP model

**USB SINGLE POLE ONLY**

**SHUTTERED SOCKETS**

Closes off the socket and blocks contact when plug is removed

## Power accessible

Never run out of power points with Puma multi gang outlets complete with USB options. Ideal for office and admin areas.

## Stay Connected

Make sure your phone, internet and Wi-Fi communications are totally up-to-speed with Meerkat TV & data accessories, ensuring a secure and reliable connection.

## Outdoors with Hippo

Tough, reliable and safe, Hippo Weatherproof power points are rated to a class leading IP54, ideal for outdoor playground areas and potential water hazards. For added safety, power points have built in shutters. USB charging option also available.

## Electrical protection

Protect students, staff and expensive machinery, in manual arts centres, with our Buffalo switched socket combination. Features our Wolverine RCD circuit protection inside our Buffalo enclosure.

## Brighter lighting

Light up any dark space with a Scorpion Oyster light. Produces 3600 lumens.

## Energy efficient sensors

Maximise lighting efficiencies with Owl Infrared Sensors. These offer full 360 degree detection with a range of 8 metre radius.

## Powermesh timers & schedules

Set timers and lighting schedules on every switch and power point with Powermesh. Lock the power point when not in use on the Zimi App.

## Lifesaving Wolverine Circuit Protection

Ensure your switchboard is up-to date and installed with a Wolverine Residual Current Device also known as a safety switch to safeguard lives and protect equipment. Complies with AS/NZS and IEC 61008-1.
