Electrical Solutions for Deli, Butcher & meat processing

Maximise the safety of staff in meat processing workplaces with electrical solutions from Trader, Australia's fastest growing brand of switches, sockets and wiring accessories.

We are local, Australian owned and represented in every state and territory.

Long life performance

Our Buffalo chemical resistant grey range of industrial switchgear is designed to meet the needs of harsh meat processing environments where intensive cleaning with alkali and foam based cleaners which would otherwise damage standard switchgear services.

Multi socketed

Never run out of socket outlets for your display counters and refrigerated shelves with our Puma Big 5 Power points. Featuring the same mounting centres as a standard double power point, these are a much safer alternative to loose powerboards and piggyback adaptors.

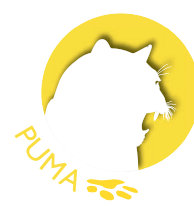

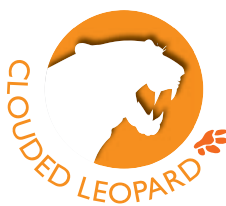

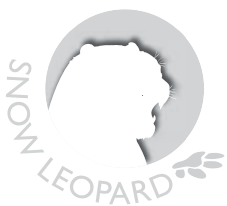

Power from above

Nowhere to run cable for your electric hand saw? Hang it instead with a suspension socket. Available in 10A & 15A.

Breathe easy

Prevent moisture build up in industrial switchgear with these Buffalo Breather and drain plugs. Ideal for cold storage rooms where condensation can cause potential safety hazards.
