

REAL WOOD, NATURALLY BEAUTIFUL

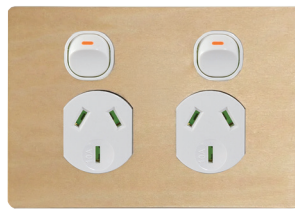

Welcome to the world's most beautiful collection of wooden cover plates, brought to you by Timber Plates Australia. Milled from solid hardwood*, (no plastic), these simply attach to Trader Puma range switch and power point grid plates for a warmth that only real wood can bring. Available in five different timber grains, there's one that will match perfectly with wooden furnishings and features in any residential or commercial fit-out.

Bamboo

Oak

Plywood

Walnut
